DETAILED ACTION

Allowable Subject Matter

1. Claims 1-28 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: the reason for the allowance of the claims is due to an apparatus and method of a semiconductor test system having a combination of a logic tester for testing a logic component of a semiconductor package with a analog tester for testing an analog component of the semiconductor package.

The closes prior art to the claimed invention is Foreman et al (4044244). Although Foremen et al may cover the combination of the analog and logic testers, the prior art does not disclose that system includes a handler for moving and classifying semiconductor packages or mounting the semiconductor package on a board of a logic tester.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jermele M. Hollington whose telephone number is (571) 272-1960. The examiner can normally be reached on M-F (9:00-4:30 EST) First Friday Off.
